

Pragmatic DevOps Guidance So Your Application Development Process Can be_TOMORROW

Join Our DevOps Experts for Real-World Advice and Customer Stories to Improve the Agility and Velocity of Application Delivery

Increasing the speed, quality and reliability of application delivery is, or should be, on the agenda of every IT organization this year. To help our customers build a strategy for this evolution, a DevOps track has been added to the VMworld agenda for 2016 featuring sessions spanning a wide range of topics related to transforming your application delivery process.

Add these sessions to your agenda

Sun, Aug 28 th	1:00 PM	CNA7813-QI	Architecting Cloud-Native Systems with Photon and Pivotal Cloud Foundry
Sun, Aug 28 th	2:00 PM	SDDC7881-QI	Cloud Service Lifecycle in a DevOps-Focused Delivery Model
Mon, Aug 29 th	11:00 AM	MGT8766	How IT Can Enable DevOps and Development Teams to Rapidly Deliver and Iterate Robust Applications in a Multicloud Environment including VMware, AWS, Azure and Softlayer
Mon, Aug 29 th	1:00 PM	DEVOP7788	Industry Perspective: Enterprise Reality of Doing DevOps
Tues, Aug 30 th	11:30 AM	DEVOP7730	DevOps Bootcamp
Tues, Aug 30 th	11:30 AM	DEVOP9965	Implementing DevOps with VMware vRealize and Cisco UCS
Tues, Aug 30 th	12:00 PM	ELW-1730-USE-1	vSphere Integrated Containers Workshop
Tues, Aug 30 th	12:30 PM	INF8092	The Power Hour: Deep Dive, DevOps, and New Features of PowerCLI

Tues, Aug 30 th	2:00 PM	DEVOP7859	Real-World DevOps Customer Panel
Tues, Aug 30 th	3:30 PM	MG77652	OpenStack in the Real World: VMware Integrated OpenStack Customer Panel
Tues, Aug 30 th	4:00 PM	DEVOP8971	Run a Hybrid Application Across VMware and Google Cloud Platform
Tues, Aug 30 st	5:30 PM	CNA8145	From Today to "CNA": VMware Technologies and DevOps Frameworks as a Service
Wed, Aug 31 st	8:00 AM	DEVOP8924	Building an Actionable Strategy Around DevOps and Platform as a Service (PaaS)
Wed, Aug 31 st	10:50 AM	STP9983	How enterprise IT is evolving their Infrastructure to support DevOps and new application architectures like Containerization and Microservices
Wed, Aug 31 st	11:30 AM	MGT8499	Moving to Infrastructure as Code: How Fannie Mae Is Managing the SDDC with the vRCS Management Pack (aka Project Houdini)
Wed, Aug 31 st	12:30 PM	DEVOP9093	Unpanel: How I Survived the DevOps Transition
Wed, Aug 31 st	2:30 PM	MGT8969	Forrester Research POV on DevOps, Automation, and Virtualization Maturity Trends
Wed, Aug 31 st	4:00 PM	MGT7751	A Technical Deep Dive into VMware Integrated OpenStack
Thurs, Sept 1 st	10:00 AM	DEVOP7915	Network as Code: DevOps Implications of Programmable Infrastructure
Thurs, Sept 1 st	12:30 PM	MGT8763	3 Best Practices for IT to Enable Developers to Deploy on Amazon and Azure While Ensuring Security and Accountability
All Days	All Times	SPL-1721-USE-4	vRealize Automation for DevOps Hands on Lab
All Days	All Times	SPL-1706-SDC-2	DevOps-Ready IT with vRealize Code Stream Hands on Lab
All Days	All Times	SPL-1730-USE-1	vSphere Integrated Containers from A to Z Hands on Lab
